Champatree Art Gallery is delighted to present "**Whispers Within**," an exhibition unveiling the recent works by abstract artist **Yashvant Singh**, from April 25th to May 2nd, between 11 am and 8 pm daily at Shridarani Art Gallery, Triveni kala Sangam, New Delhi.

Drawing inspiration from the profound essence of the human experience and infusing the urban with the rich cultural heritage of India's tribal communities, Yashvant Singh's abstract art works invites viewers to embark on a journey of discovery. Each brushstroke reveals layers of vibrant colors and intricate motifs, evoking a sense of primal energy and mystique. Yashvant's works entice the viewer to gaze and engage with an enigmatic amazement guiding the eyes to follow each element in self discovery.

At the heart of Yashvant Singh's creations lies a deep connection to nature and tribal symbolism. His paintings, akin to finding trees and monuments in a hazy atmosphere, transport viewers into a surreal world where hidden symbols emerge from beneath blankets of color.

This exhibition showcases the recent works by Yashvant Singh inviting viewers to contemplate the cultural resonance and significance embedded within each artwork. As viewers gaze deeply into Yashvant Singh's paintings, they are encouraged to connect with their own inner thoughts and emotions. Like explorers navigating through a vast valley, they must find the icons scattered throughout the canvas, unlocking the mysteries within and embarking on a journey of self-discovery.
